

HOW TO LEAD YOUR CLUB MINISTRY THROUGH CAMPAIGNERS

- 1. Our goal in campaigners is always to help them to grow in Christ**
- 2. Create a campaigners meeting in which you can impart the vision weekly**
- 3. See them like we see volunteer leaders**
- 4. Like we do with leaders, teach them that their big job is contact work**
- 5. Take them with you to do contact work. Teach them, show them.
Disciple them on how to reach their friends.**
- 6. Teach them the "why" ...why we leaders do what we do.
Not just what to do...teach them the principles of Young Life**
- 7. Teach them that this is a radically different lifestyle.**
- 8. Teach them that to lose your life is to gain it.**
- 9. Teach practicals on how to build relationships, how to do contact work...
especially how to reach down to younger kids.**
- 10. Teach them the principle of going down the social ladder. Teach them to look
below, to younger kids, to people beneath their peer group.**
- 11. Help them to set goals for themselves as leaders for Christ...
both in areas of reaching other kids
and in the clarity of lifestyle choices they have to make personally**
- 12. Raise the bar.
Set the standard high.
Give them a challenge
"The pace of the few sets the standard for the many"**
- 13. Disciple individually or in a very small group those who are really ready to grow.**
- 14. Develop your own inner conviction that learning to give their lives is
indispensable to their own growth in Christ.**
- 15. Teach it every week.**
